

Pyeong Yang Korea

May 26 1925

Dear Jessie:

Just a few words as as I keep  
in touch with you. Hope to get off on this  
mail two photos which you will enjoy seeing.  
one of the family and one of the heart tree.  
Yard is beautiful just now and how I would  
enjoy walking around the yard with you once more.  
There to have had a lawn party here this afternoon.  
Governor & other guests invited but a heavy rain  
this morning will drive us into the River house.  
You will be glad to know that at last we  
have secured Government recognition for the College as  
a "Special School" which gives us standing. School is  
for Monday also in a few days & then we shall have  
our own 12 year content for the Bible in the  
Curriculum - with concrete application to our own  
schools here. I fear fight so long as long  
continued a struggle against so many odds. But  
it is great to have won out. Now if only you can  
get better financial support for Monday College &  
I shall feel that my work for them is finished.  
Charles is getting ready to get off to America last  
of next month. Wonder if he will not reach

Chicago just at time you will finish Success  
School so as to join him there and go on to  
Madison together!!

Be sure to have a letter at the steamer in  
Seattle when he lands there telling him of  
your secret movement. He is to sail for  
John on the July 31st and

should reach Seattle about July  
now do not postpone writing him until too late.  
There has been another big earthquake in Japan  
2000 reported killed but as yet we have few  
details. This time it is between Osaka & Kyoto.  
Charles has been greatly interested in the P.F.S.  
around which he has been helping to get up. Will  
send you a copy.

All well here. although for a while several of us  
had diarrhoea and Howard had the worst.  
Keep a look out for Mrs. Swallow also for Dr. Blair.  
Wonder if you are at General Assembly this sum-  
mer with at Chambers. You will see several from  
Nora there.

God to get your last letter. Keep on praying and striving  
and get real hold of yourself. The Lord will certainly  
help you if only you seek His help. He'll hear  
you again. Lots of love from all yours and  
Father.

Save the stamps

Yingying Kae  
June 9, 1935

Dear Jamie:

Wish for well with us & enjoying  
Commencement week and  
all the events of the Station.  
Reminiscent functions of the Station - Com-  
Boy Scouts, Camp fire Girls - Music Recitals - Com-  
mencement Exercises with fresh graduates from High  
School (Sueh Tianson & Chuen Jun) my wife have  
on their beds lower - Questions to Sordana others  
at Reminis - at all the way lower parties to  
be - which enter into the Station life.  
I begin to realize that Charles will soon leave  
us. We celebrate his 17<sup>th</sup> birthday this week  
on our lawn and on 29<sup>th</sup> he leaves us.  
He goes on the President McKinley from Kobe  
just before and should reach Seattle by the 12<sup>th</sup>  
or 15<sup>th</sup>. Be sure to have a letter that for him  
as later than the 10<sup>th</sup>. Direct it to him - at  
Seattle - Dollar Line Steamer - Passenger on Pres Mc-  
Kinley for Kobe.  
If you can arrange to meet him in Chicago  
do so.  
I count on you helping Charles a great deal

Remember how you appreciated my being with you at  
Nat Hermon - our trip to Boston etc and be  
sure Charles will send you his first month's  
you in America.

Now to be really helpful - you need to brace up  
yourself and do better work and keep yourself more  
in hand and under control. Pray earnestly and  
think of this - for now is the time for you to  
accept it. It will grow increasingly more  
difficult the longer neglected.

You look to be soon from you and know  
you then for summer.

Grand meeting is here 22<sup>d</sup> of this month - and  
we are busy indeed.

We have just re-labeled the front + dining room  
and re-arranged furniture - the first time in 15 years  
and we look like a new house. We have lighter  
paper and the rooms are more cheerful.

Tommy is a great boy - looks for his father as you  
all did and loves to walk around the yard.

How I wish you could see him.  
I had an idea as I wrote you that perhaps you  
might come out and teach in P. Y. S. after first  
July and then have a year with us.

Two things will be said that as I see it now.  
You have not kept yourself to good enough work to

in much expectation that you could handle it  
satisfactorily, - although I hope the next two years  
may remove that fear and show that you are  
doing good work.

The record is that the school is rather looking for  
a man of some experience who can become Principal  
and Teacher.

If you think you would like to come - possibly,  
we can get you for a English teacher in College  
or maybe for a year. What would you think  
of that?

We celebrated Seventy-fifth Anniversary of the College  
yesterday - it became a "Special Day" in  
Chun Moon Hak Kyu in Korean but means  
the "Union Christian College" in its English name.

The money is at Hamilton for a full length this  
month. Many will be in Ohio at Pittsburg and  
Hamilton - Pittsburg. What you may see them. They  
are both winter men and will probably be there  
some time.

Don't go to heavier now - so only this small at present.  
Be sure to keep all the stacks and show you have a  
good copy of my old send - book at least four  
each kind - for some thank you & myself.  
Let's give you all of us - Love, Father.  
I don't see letter or see letter, what send - total say Sunday?

Pyeong yang - Korea

July 10 1938

Dear June:

Just a few lines to accompany the photos and broadcasts which I have been putting into the

envelope for you.

We have been hoping to hear about your plans for Christmas vacation - wanting to know where to locate you when we will be enjoying our Christmas. Mom & I hope we shall hear soon as to how you spent your Christmas.

We are having a very mild winter so far and so Korea New Year comes early - 24 Jan this year we are likely to have the early spring. This is odd as there are so very many snows which we will not feel this winter. The weather has begun cooling down and we are having special meetings in College Academy for the declining of spiritual life of the student. We are hoping much for it.

We have just finished reading "The High Way" by Caroline Stoddard Mason. Charles enjoyed it quite a bit. I want you to read it. He is I think a relation of the Hall's. A good book for college students to read. What are you doing to make your

influence tell for strengthening the faith of your fellow students. Wish you would write me about such activities in school. Are you in the YMCA as well as in the Volunteer band? It would be a great satisfaction to hear from you more frequently. With love from us all

Love's Father.

Seoul Korea, July 30 1925

Dear J- This should reach you in time for  
a birthday greeting. Am in Seoul for one day  
& see Government Educational officials. Incidentally  
will take in a couple of basket ball games  
at Yonsei. Bought a couple of books  
Bought a steamer bag for Charles for his trip  
to America next November. I must hear from  
you in advance as to your plans for summer  
as I would like to go with Charles for a  
while before he enters Massachusetts Academy and go  
with him there. Love you as all -  
in the camp.

Father.

Charles received just in time  
brotherly which he certainly  
leaving copy for a letter. Where as you  
will be 281 Avenue? What are you doing?  
What about coming out here after graduation?  
If you think it's in your best interest - for  
the 19.7.21. when you get back about 7.30.  
If a reply soon. Thank you very much.  
Father.

Thelma's building - Ryegate, N.H. *[Signature]*

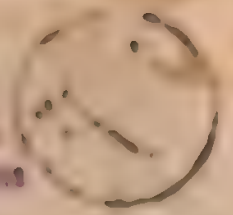

The first of the month  
 we saw the tracks - being 2 of the best and the most  
 clear. There was a great many tracks, some of them  
 with spots of blood - one was the first sight and 12 of the  
 smallest in the world.  
 They all had the same appearance, but were not  
 quite so large as some of the others.  
 There is a great deal of snow in the  
 mountains.

April 20 1931

Dear Annie

You see how I am in trouble and how  
 and I do so want to see you and you  
 I know the fact that you have been going through  
 things since and that you have not yet  
 of yourself. In fact however that things are more  
 helped and satisfied in the time and that you will find  
 in some of your old friends to further work.  
 You can I am sure encouraged at some time  
 you can attend yourself to some course and independent  
 what you want but you can receive that and get  
 get the money you want in order to really help  
 the things you can do.  
 Let me know some real good news for you soon  
 and tell me how you are getting on in  
 things. I can do so - I am down from Nanking to Columbia.  
 by the Grand Canyon - staying in one study and  
 see it before the time in attendance.  
 to you and  
 I am sure interested in your progress  
 situation and all your accounts of the college.

I am writing to you in regard to the...  
 and in fact about as tall as I am - but I think...  
 while we have not well...  
 I am sure that you think of it as a place for...  
 I think you will like to visit...  
 Do not let them...  
 The things that have...  
 I do not know...  
 I do not know...  
 I do not know...

May 1<sup>st</sup> - Did not get a chance to add  
to this yesterday.  
Just one more thing to mention and I will  
mail this.

Next February you become 21 and therefore of age  
and my Guardianship will cease and according to  
law you then become the manager of your own  
affairs. The responsibility for all decisions will then  
rest upon you.

In financial matters I doubt but you will be largely  
guided by Uncle Howard and will want to know  
your investments in his hands - you drawing from  
him the interest as needed.

I shall have to turn over to you all the books etc  
which as Guardian I have held for you and upon which  
I have made report to the Court in  
year.

I shall have to have a receipt from you which I  
will turn in to the Court when I make my final  
report. That will be in March of next year.

I will have Uncle Howard make out a list of  
the books and draw up a receipt, which you can  
sign on March 1<sup>st</sup> next. You will not need to  
do other than sign that receipt and simply ask Uncle Howard

to continue to look after your investments. If you  
 Mr he does it at my request. Then it will be at your  
 request. Mr he turns over the income to me. Then  
 she will turn it over to you. There will be no need  
 to take the books from the bank. When you are  
 in Madison you can have Uncle Howard show them  
 to you if you wish just in order to verify see that  
 the are all here.

Will write you now about this later. This is just  
 to let you know in advance of the settlement to be  
 made then.

Lots of love  
 Father

Don't close it over

Pigeon, N.C.

May 12, 1925.

Dear Jamie:

We are having our beautiful May weather with the  
yard full of blossoms and all the Community coming in now  
and then to enjoy the beauties of the place. The pear tree was  
great this year and the oak still had fresh leaves in  
beauty and glory. The mayflies still have their nest and in  
a few days the little birds will soon appear.  
Howard Higgins has taken the place of interest in the  
household and all enjoy watching them. The first pair of eggs  
has grown to full sized pigeons and are flying around as the  
other ones. Two more couples of little ones are growing and other  
eggs are in the nest. Charles has watched me then very carefully  
and enjoyed them greatly.  
Another week he will celebrate Tommy's birthday and it looks  
so though he might be looking them. He is making great efforts  
these days and is growing in strength of his legs.  
Howard has just come down with the Hawks. Now we are out only  
about two days when Howard began to scold. Do it has gone  
in the Community one or two at a time - saving several months.  
The new Foreign School Building is up to 2nd story. It will be  
a fine building.  
We have a fine new tennis Court in front of the Lee house (now  
the main place) and the Community is going to go tennis tennis  
and tournaments. Played by first year last week. Howard stayed for  
days. He got tennis Charles saw this summer. He enjoys to  
but is not very steady in play.  
Tea on our lawn yesterday for the Ministers Association - tomorrow for  
the Johnson ladies and also work for the Governor.

Wm. Walker left for Union last week & had summer with  
his daughter. He will visit Mother. So the you see her.  
We are eager to hear from you and to know your plans  
for the summer.

Colton will sail from here on July 31st for Seattle.

Love from all yours  
- as ever  
Father.

New stamps are beautiful - Celebrate 25<sup>th</sup> wedding anniversary  
of the Emperor. Keep all that come! They will be wanted  
a few years hence.
